

**I shipped 9 tools
in 18 hours**

One of them ships tools

The per-seat model is collapsing

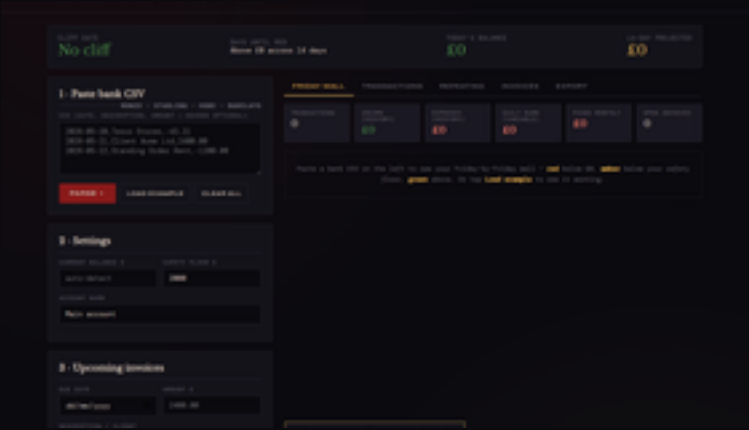

- Bessemer: 21% !' 15% pure per-seat (1 year)
- Monday.com: 100-person SDR team cut
- \$285B SaaS market cap lost (Q1)

So I built a substrate

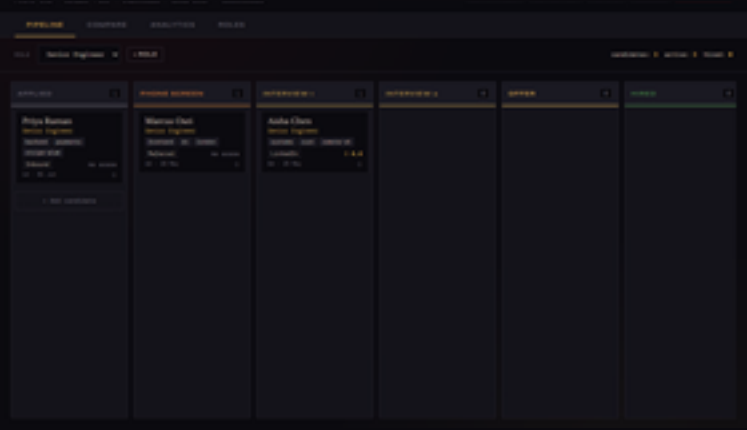

6 client-acquisition tools

fallinvoice

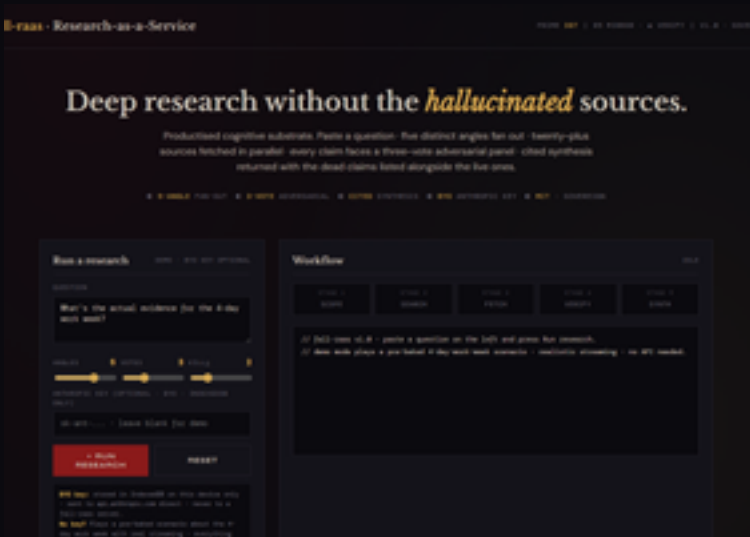

fallflow

fallhire

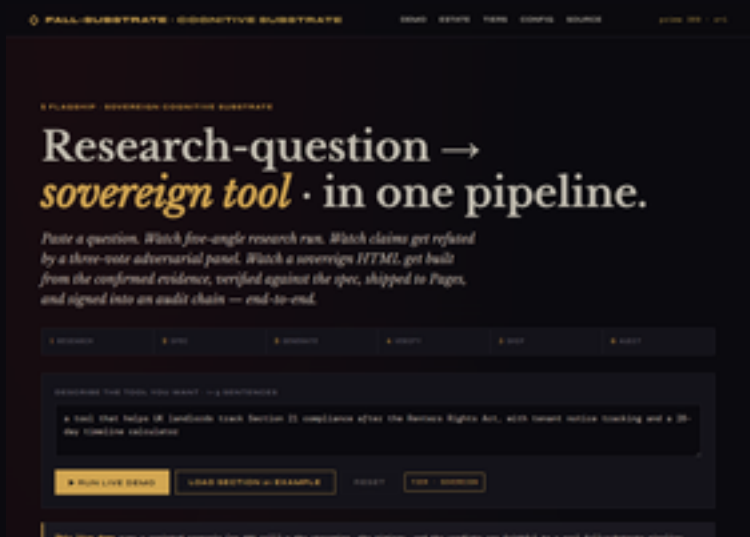

3 cognitive tools

fall-raas

fall-verify

fall-substrate

fall-substrate: the tool that ships tools

**research !' spec !' generate !'
verify !' push !' Pages !' audit**

**One chat input. Real repo.
~5 minutes.**

**The unit of value
isn't the seat anymore.**

It's the corporation.
